RECRUITMENT

Active SEN

Active SEN is the only agency to provide staff to SEN schools over mainstream settings. We can provide SEN Teaching Assistants, SEN Teachers, and all other staff to specialist SEN schools and settings in Greater London and South East England.

Active SEN works with around half of the SEN schools and councils in London and South East England. Since 2016, our philosophy has been to provide the most dedicated and best-suited staff, according to the environment that they will be required to work in.

We can provide weekend and holiday staff, no matter the time of year, for SEN playschemes as well as staff for Council SEN departments.
